The pre-sale for the 2nd pressing of GSTORIES AND GUIDED TOUR are up on the asian man site. This time, it's CLEAR VINYL for GHOST STORIES and PURPLE VINYL for GUIDED TOUR. Again, they will be hand screened by the PUNKS at I HEART U in Houston and hand numbered 1/550(yes, 50 extra this time) Totally different artwork for the second pressing. Exciting...!

The 1st pressing sold out overnight, so act fast. We are again limiting the amount of copies to two each. We trust that you will not be selling these on ebay, but getting them for friends who are without a credit card. Am I right? I hope so. Anyways, it's fun seeing these records on vinyl. Hope you enjoy them as much as we are enjoying putting them together for y'all.

Also going up for sale is COCKTAILS AND DREAMS. This is a double LP which will come in a giant double gatefold jacket. It will be available in either red/orange marble vinyl or black/white marble. Again, limited to two each per color...
